Looking for reference sites? Sorry, this is not a tool for locating schools using this system. This facility is designed to help staff (and parents in some instances) locate their school and login. Our self registration process allows anybody with an email address to register a school (any school), so while this makes the system very simple to use it is also open to abuse. If you would like a list of reference sites in your area please fill in the contact form or send us an email
