Wireless	WiFi (b/g/n) 2.4GHz & 5.0GHz	WiFi (b/g/n) 2.4GHz & 5.0GHz	WiFi (b/g/n) 2.4GHz & 5.0GHz	WiFi (b/g/n) 2.4GHz & 5.0GHz
OS	Windows 8.1	Windows 7	iOS 8+	iOS 8+
	Mac OS X	Android	Android	Android

Needs cloud access

\*\* Device OS specific

## Capability details

CAD	Involves being able to create complex computer aided design drawings and rendered illustrations using a CAD program	Accounting	Involves using a dedicated finance accounting package to manage a business' finances and auditing requirements
High level video editing	Involves editing captions, complex scene transitions, edit sound track, and edit video lightness and contrast etc	Presentations	Involves creating a presentation including multimedia for display on large screen or by projector
High level audio editing	Involves editing wave forms, removing sound artifacts, fade and levels.	Database	Involves creating and maintaining a relational database using a DBM program
High level photo editing	Involves editing selections and elements within photographs, working with layers and levels and editing RAW files	Spreadsheets	Involves creating complex, multi-page spreadsheets featuring calculations and formulae and formatted cells
High level drawing / painting	Involves on screen drawing of complex shapes, features multiple pen and brush types to create complex pictures	Complex written documents	Involves documents created by word processor including complex formatting, graphics, tables and images in multi- chapter documents
Coding and programming	Involves using a programming language to create computer programs or device applications	Simple video editing	Involves editing video to cut and join sections, add titles and simple scene transitions.
Simple text editing	Involves creating a text document without any, or with only basic formatting	Video recording	Involves being able to record video from in-built camera
Internet	Involves being able to access, search and download from the internet using a browser	Simple photo editing	Involves being able to make some simple changes such as lighten and darken and apply simple filters to whole photographs
Email	Involves being able to send and receive emails, either from a local email client or through a web based account	Photography	Involves being able to take photographs using the built-in camera
